

ILLUMINATING WELLNESS EVENT SPONSORSHIP

Gateway Foundation, based in Chicago and the largest nonprofit provider of substance use disorder treatment in the country, has been providing life-saving treatment for over 50 years.

The Illuminating Wellness Luncheon on May 26, 2022 at the Chicago History Museum welcomes over 200 community leaders, healthcare advocates, supporters and alumni of Gateway Foundation. The benefit generates support for effective and efficient treatment of individuals struggling with substance use disorders and co-occurring mental health challenges across Chicagoland, Illinois and the country.

A transformational legacy gift from the Estate of Gaylen and Joanne Larson spurred major renovations of Gateway's flagship center on the shores of Fox Lake in Lake Villa, Illinois. The refreshed, state-of-the-art Illuminating Wellness Center will nourish and heal the mind, body and soul of each client who enters its treatment programs and serve the wider community for years to come. This year's annual benefit supports the completion of a new Art Therapy studio, healing garden and other significant, needed capital improvements.

Comedian and actor, **John Lehr**, who has lived 20+ years in recovery, emcees. The event will be live-streamed to accommodate guests who cannot attend in person.
